Full job description

Apply on company site

The Revenue Operations Analyst is part of Simpro's Revenue Operations organization and plays a critical role in enabling data-driven decision-making. This role focuses on delivering trusted, actionable insights related to operational efficiency and revenue outcomes. In additional the preparation of monthly and quarterly reporting for executive leadership and the Board.
Working closely with the VP of RevOps, Sales, Finance, and Data Engineering, the Analyst ensures that revenue data is accurate, well-modeled, and easily accessible through dashboards, reports, and analyses. This role helps reduce reporting noise, improve metric clarity, and support scalable operational execution across the Simpro Group.

What You'll Do

- Analyze revenue data to support RevOps, and go-to-market teams with clear, actionable insights.
- Build, maintain, and enhance operational dashboards and reports that track key metrics (e.g., onboarding, adoption, retention, expansion).
- Partner with RevOps Data Engineering to ensure data pipelines, models, and definitions support reliable reporting and analysis.
- Own the accuracy and consistency of Board reporting, ensuring alignment with RevOps and Finance definitions.
- Conduct ad hoc analyses to identify trends, drivers, and opportunities, and revenue performance.
- Translate business questions into structured analyses and clearly communicate findings to both technical and non-technical stakeholders.
- Support the certification and ongoing improvement of core operational dashboards
- Proactively identify data quality issues, metric inconsistencies, or reporting gaps, and collaborate with cross-functional partners to resolve them.
- Contribute to documentation of metrics, dashboards, and analytical assumptions to improve transparency and self-service reporting.
- This job description is not an exhaustive list of duties and may be modified at the discretion of Simpro Group.

What You'll Bring

- Bachelor's degree in Business, Analytics, Economics, Computer Science, or a related field.
- Strong proficiency in SQL; experience querying large datasets in a cloud data warehouse (e.g., Google BigQuery) is highly preferred.
- Experience building dashboards and reports using modern BI tools (e.g., Looker, Tableau, Power BI,

- Solid analytical skills with the ability to collect, organize, analyze, and interpret complex datasets with high attention to detail.
- Strong business acumen and ability to connect data insights to operational and revenue outcomes.
- Clear written and verbal communication skills, with the ability to explain analytical findings to non-technical audiences.
- Comfort working cross-functionally and managing multiple priorities in a fast-paced environment.
- Experience in Revenue Operations, SaaS, or subscription-based businesses is a plus.
- Familiarity with data modeling concepts, ETL processes, or Python is a plus but not required.

What We Can Offer You

- Responsible Time Off
- Comprehensive medical, dental, vision package with 100% employer paid options
- Additional benefits including Health Savings Account; Flexible Spending Account; Critical Illness Insurance; Hospital Insurance; Accident Insurance; Life Insurance and AD&D; and Disability Insurance available to purchase.
- Wellness Challenge App, Diabetes Prevention App, and Health Hub App
- 401k/Retirement Plan with 6% employer match
- Generous Parental Leave Program
- Paid Volunteer Leave Days
- Public Holiday Exchange Scheme
- Enjoy up to 4 weeks a year of flexible 'Work from Anywhere'!
- Talent Referral Program – get rewarded for referring a friend to join our team!
- Diverse training & internal networking opportunities across all of our product lines
- Opportunities for career progression and development
- Service recognition awards

Headline: Important Recruitment Fraud Alert

Simpro Group has been made aware of fraudulent recruitment activity where individuals are impersonating our company and hiring managers to deceive job applicants.

contact you with illegitimate job offers. Their goal is typically to steal your personal information for identity theft or to trick you into paying for fake application fees, background checks, or equipment. If you have been contacted by someone you suspect is not a legitimate Simpro Group recruiter, or if you have any doubts about a job posting, please do not respond. Do not provide any personal information or payment.

We take this matter very seriously and have reported this fraudulent activity to the relevant global authorities. We are committed to ensuring a safe and transparent recruitment process for all candidates.
